

GAY/HUMAN RIGHTS REPORT™

Here is a current overview report on the state of the world for our people - gay individuals and straight allies - to educate and share with others.

■ STATE OF THE WORLD

Out of 7 billion inhabitants, 4.12 billion live in regions that at least meet the simplest requirements of civil society, while 2.88 billion do not.

The best places strengthen families by protecting all family members from discrimination based on sexual orientation, while the worst regions violate the human rights of family members based on sexual orientation and therefore violate the right of all parents to have the human rights of their children protected.

BEST PLACES

Categories are best to worst; listings within each category are alphabetical.

■ ASTOUNDING

* Regions such as states or provinces within these nations have achieved a level one or more positions higher in human rights protection.

Italics indicate islands, and *** indicates region with considerable portion of population (20%+) inhabiting one or more islands.

(3) three Brazilian states rank Amazing, while fifteen Brazilian states, plus Distrito Federal (DF) territory, rank Astounding.

(4) Western Sahara occupied by Morocco.

(5) Military coup suspended constitution, judges, etc. - previously ranked as Developing.

(6) Saudi government - the "royal" family - was installed by the USA government and remains in power only because of the USA.

(7) UAE government under de facto control of Iran.

(8) Kuwait government was installed by the USA government and remains in power only because of the USA.

(9) Military coup suspended constitution, etc. - previously ranked as Rudimentary.

(10) Military coup overthrew government, rule of law, constitution, etc.

(11) Much of USA failed states due to fundamental issues impacting all residents such as judicial corruption, constitutions that provide benefits to a minority of residents, mass human rights violations perpetuated by politicians and judges, failure to provide Equal Protection under Law to groups such as Women, Racial Minorities, Religious Minorities, Sexual Minorities, etc. The overall low ranking applies to U.S. Federal Government, and the failed states of Alabama, Arkansas, Michigan, Idaho, Tennessee, Mississippi, Virginia, North Carolina, Utah, Kentucky, Louisiana, North Dakota, South Carolina, South Dakota, Missouri, Nebraska, Texas, Kansas, Oklahoma, Wisconsin, Ohio, Iowa, Florida, Indiana, Wyoming, Georgia, Arizona, Alaska, Pennsylvania, Montana, Minnesota, West Virginia, which rank as MEDUSA. New Hampshire, Colorado, and Illinois rank as Questionable. Fifteen states plus DC would rank Astounding if not subject to the federal government: Maine, Connecticut, Delaware, California, New Jersey, Massachusetts, Oregon, Vermont, New Mexico, Rhode Island, Hawaii, Nevada, Maryland, New York, Washington, while Puerto Rico ranks Excellent, and the U.S. territories Guam, North Mariana Islands, and U.S. Virgin Islands rank Good. American Samoa ranks Questionable.

(12) State of Tabasco ranks as Appalling.

(13) Judiciary committed act of genocide declaring rights only belong to people if they belong to a large-enough group. That declaration is the antithesis of Equal Protection under Law as well as Human Rights.

(14) Low ranking result of intellectually bankrupt UK Supreme Court gutting basic equality and nondiscrimination protections and principles for race, religion, sexual orientation, etc. in 2018, calling into question all laws in the UK. Otherwise regions would rank substantially higher.

(15) Province of Ontario ranks one level lower.

(16) Authoritarian leader destroyed Democracy and rendered rule of law pointless.
